HANNA PERSHA: A STUDENT REFLECTION ON HER ROLE IN HEALTH EQUITY.

"CHEqI, and the projects I have engaged in, have made me reevaluate my future career. I have always had a passion for learning, and I would love to instill that in others.

“ Between the curriculum evaluation and the creation of the Spanish track program, I hope that other student healthcare leaders, and even other healthcare professionals, will be inspired to continue to expand upon their health equity background. ”

While my future ambitions are still uncertain, I know for a fact that health equity will remain as an influential part of my life. "
